

Research Proposal for CMSC 495 (Honors Thesis)

Name: _____ Email: _____

Faculty Advisor: _____

Advisor Signature & Date: _____

Departmental Approval: _____

Project Description:

Describe your proposed research project. Be sure to include a description of the expected results and a table of the major milestones (what will be accomplished by when). The faculty advisor's signature above indicates that the results of a successful project completed as described has the academic merit worthy of an undergraduate honors thesis in computer science.
